Rx Reference Guide

N Look for this blue icon next to styles that have available Asian Fit options (formerly known as Universal Fit). The icon coincides with the "N" in the unique sku numbers used in our Asian Fit styles.

 Our rimless Rx styles are assigned a separate SKU # to differentiate them from their plano counterparts. While the overall shape of the Rx version is the same as plano, the construction is different. Some of these Rx styles are three piece mounts (brow bar has been removed), while others have longer posts or adjustable nose pads.
