

COMPLETE PAIR PROGRAM

Trusted innovation. Tailored vision. New opportunities for your practice.

Offer your patients the innovative hearing and vision experience of Nuance Audio Glasses, fitted with premium Essilor lenses customised to their prescription.

A WINNING COMBINATION

Always have the styles your patients love ready to showcase.

With the EssilorLuxottica **Complete Pair Program**, you can keep your Nuance Audio Glasses demonstration range available for patients to experience. When a patient places an order, we supply a brand-new pair fitted with advanced Essilor lenses, custom-made to their prescription.

The complete pair is supplied with one convenient invoice covering both the frame and lenses.

NUANCE AUDIO GLASSES WITH PREMIUM ESSILOR PRESCRIPTION LENSES

Choose from 24 frame and colour combinations across the Complete Pair range.

Complete Pair Ordering Guide (Practice to Lab)

This guide explains how to order Nuance Audio Glasses through the EssilorLuxottica Complete Pair Program, including ordering steps, production timeframes, prescription parameters and lens exclusions.

For further information, please contact your EssilorLuxottica representative.

PROCESSING TIME

Nuance Audio Complete Pair orders are manufactured according to standard Essilor service lead times. Standard production and shipping timeframes apply.

ORDERING PROCESS

1. Complete the patient's lens order in your practice management system, such as Sunix or Optomate, following your usual ordering process..
2. In the order comments, include: "Supply Nuance XXXX Complete Pair"
3. Email the completed order to your local Essilor lab.
4. Essilor will process the order through its standard production channels.
5. The completed order will be returned to your practice in a designated Wearables shipping box.
